

The *We Both Read* books are a collection of books that engage both children and parents in reading! Each book is specially formatted for a parent and child to take turns reading aloud alternate pages. The parent’s page features higher-level text (at about a 5th-grade reading level), while the child’s page features text that matches the child’s reading level. This shared experience reduces the frustration of beginning and struggling readers—and makes reading fun!
